Yet another milestones achieved

The Atlantic team is proud to have continuously delivered the Institutional (school) building project (J-126) at Madinat Qaboos, Residential/Commercial building project (J-121) at Azaiba and Residential building project at Qurum (J-120), before the stipulated timeline.

These projects were successfully handed over almost one month before the contract schedule, which was further appreciated by the client/consultant representatives, explicitly for the delivered quality and workmanship exhibited by Atlantic team.

During the course of this project, some of the finest skills was discovered in the execution team and there has been productive rapport developments with the newly associated sub-contractors/vendors.

The above achievements will certainly add gratifying values in the Atlantic's credential.

New market segments tapped - INDUSTRIAL

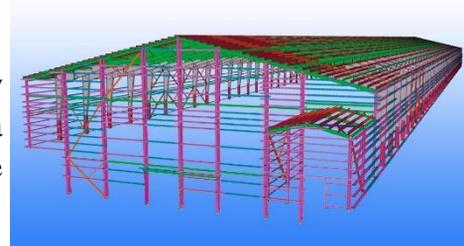

Due to the present economic challenges in construction industry especially projects in Real estate segment, Atlantic has taken a strategic decision to expand its wing by discretely tapping the industrial segment.

The opportunities and scope of business expansion is realized through various media reports indicating the growth of industrial /manufacturing sector in long run.

The new challenges such as constricted project duration and working with new specialized consultants, is confidently accepted & professionally dealt by Team Atlantic and therefore, brand-Atlantic today is distinctively recognized by the different arrays & natures of consultants & industry experts.

Despite of austere competition, the team has managed to bag two prestigious projects from some of the reputed clients in industry. The project location is Sumail Industrial Estate and Misfah, for which the completion date is 31st January 2017 and 2nd June 2017 respectively.

Atlantic visions to create itself as one of the preferred service provider by delivering the best-in-class professional service.

Labour Resource & Welfare Division (LRWD) : A self-regulating team

LRWD team interacts with the labours at Camp & all Sites to understand their grievances / concerns,

so that adequate resources can be deployed in order to provide an effective solution to it and eventually achieve their well-being at accommodation & sites.

LRWD (Labour Resource & Welfare Division) team has conducted its 5th successive event at all the ongoing sites on 20th Oct 2016. Wherein, the selected labours (appointed by the site team) were rewarded with bonus towards their individual performance in previous month.

An official Certificate (endorsed by the company) was also presented to some of the identified labors, with an intent to appreciate & motivate their efforts devoted at site.

An event to celebrate the successful completion of projects

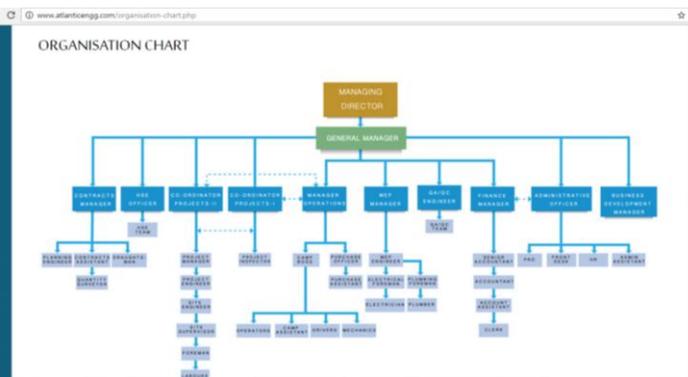

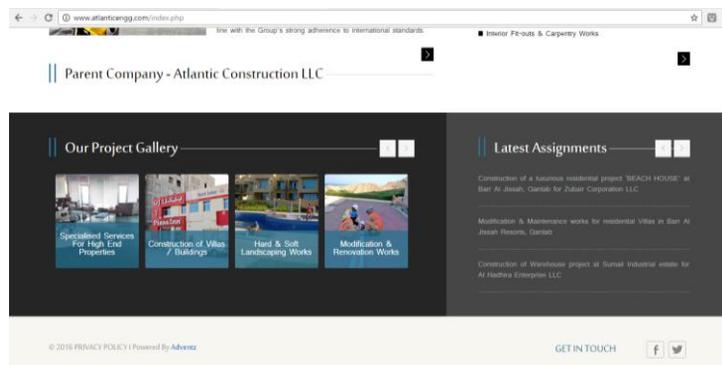

A get-together event was conducted in Atlantic Head-office on 25th August 2016, to celebrate the successful completion of significant projects J-122 (Res/Com bldg. project in Bausher Heights) & J-126 (Institutional building project at Madinaat Qaboos). Moreover, other reasons to rejoice were the accomplishment/hand-over of several other challenging projects under **Atlantic Projects & Engineering Services LLC (APES)**, which has also indeed gifted Atlantic with remarkable appreciation & recognition in the industry, especially due to the expertise shown by the execution team on such specialized works.

A special message and thanking note was given to the team by Atlantic's General Manager – Mr. Manivarnan. All the involved team members were rewarded by the Project Co-ordinator - Mr. Mohd. Imran Khan. This event was further celebrated & relished with lunch organized in office.
