ABOUT ADRIATIC

Our motto is to provide a very treasured experience to all our clients, consultants, contractors and designers.

As a dynamic, medium-sized company, we as ADRIATIC are inherently open to new developments. We have adeptly triumphed every tasks and challenges time and again. We add real valued benefits as technical solutions to meet the desired requirements of any Architects & developers, even if it entails to customise the design & allied products.

Adriatic is a robust subsidiary of the well-known construction companies 'Atlantic construction LLC, Oman' and 'Transatlantic Infra projects Pvt Ltd, India', while constantly delivering exceptional façade solutions since 5 years. Our design, walkthroughs, renders and load analysis paired with a wide variety of material expertise and an exceptional execution team ensures that all projects are delivered with the utmost level of quality standards.

Adriatic is proud to be honoured with the title of 'Best Aluminium & Glazing Contractors- 2022' at the DOSSIER Construction Awards ceremony held at Muscat, Sultanate of Oman by the Minister of Housing & Urban Planning H.E. Dr. Khalifan Al Shuelli.

"Our team not only reaches their targets but delivers satisfaction in each step"

CHAIRMAN'S SPEECH

Hassan Mohammed Juma Al Lawati

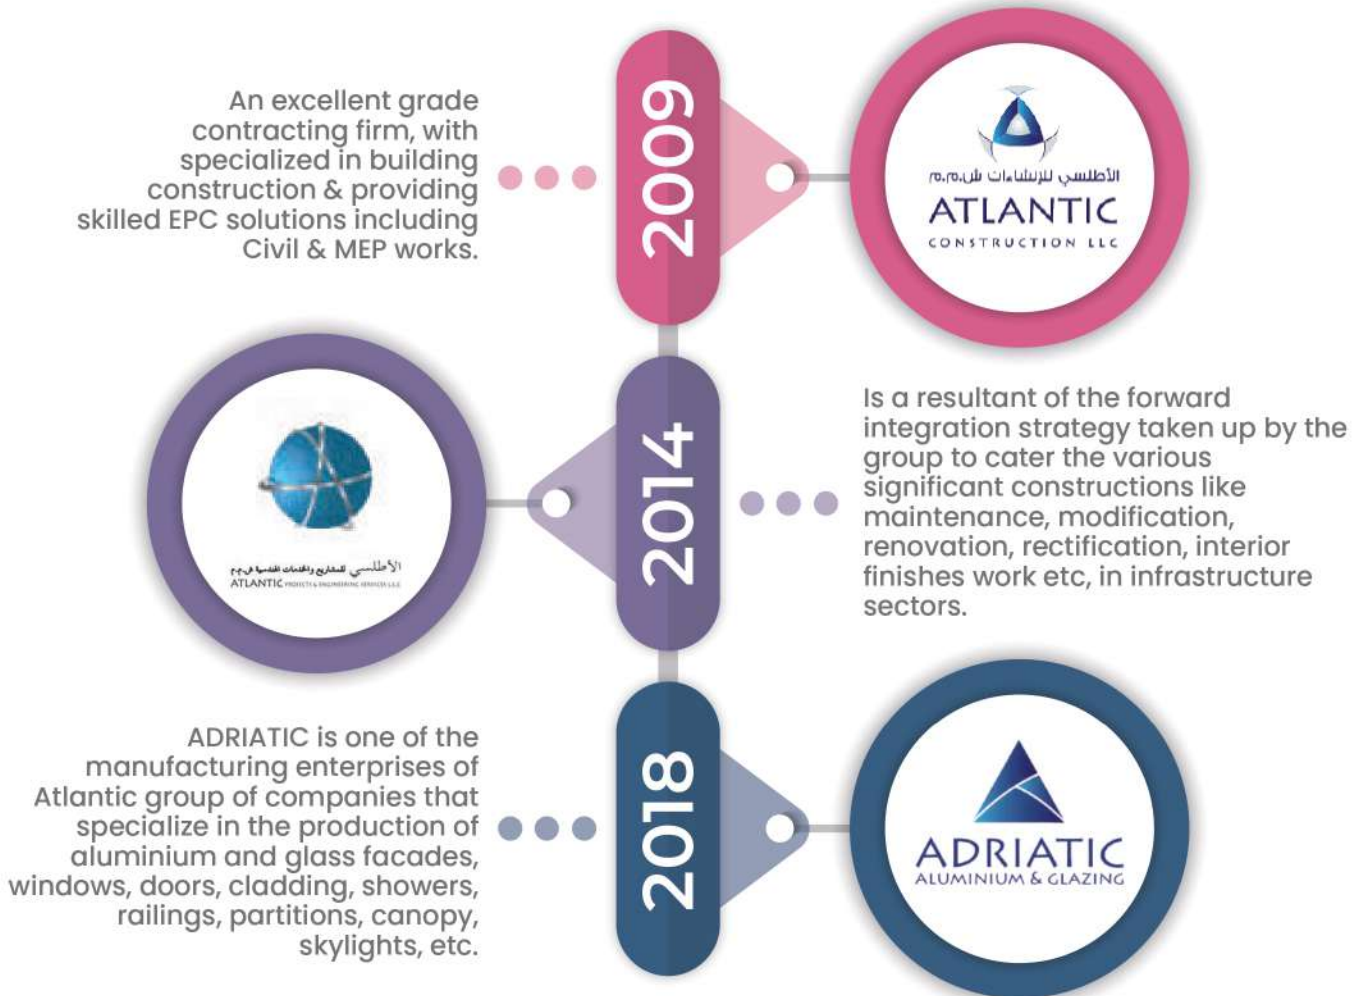

Atlantic's in-house Aluminium set-up us an evolvement of the forward integration strategy taken up to meet the customized & optimum quality needs of our clients. We have drawn our success on substantial resources of valuable experience accumulated over the years. Also, our senior members of operation's team comes from some of the well-known aluminium companies in Sultanate of Oman, while all our hand-picked manufacturing & assembling unit staff are experts in latest execution techniques.

Our belief in the extensive use of technology in ongoing developments enables us to ensure the finest features of our profile from initial production to the complete installation stages. The continuous development and the improvement of our effectiveness in Aluminium operations is also committedly supported through the contribution of our loyal and quality oriented associates, the pioneering and trustful suppliers and our demanding customers. We confidently & proudly state that all our projects have been constructed with vital care to environment and to individuals.

COMPANY HISTORY

The Stages of constantly developing progress...

ADRIATIC TODAY

“Has grown as a famed organization exhibiting international standards, with 2 aluminium fabrication units in Muscat & Bangalore.”

- More than 80+ technically experienced fabricators.
- Specialized site installers and helpers based on project requirements.
- More than 60 completed projects across Sultanate of Oman.
- Modern Machinery.
- A sister Company of Atlantic Construction and part of MHD group of companies.
- A strong base of technical staffs, who help to design façade from the very beginning of the concept through its implementation to the final process of execution of the work.

WHY CHOOSE ADRIATIC?

We strongly believe that environment is a valuable asset which must be conscientiously passed on the next generations, thus we try to assure that all our actions and activities are based on energy saving, recycling and the least possible amount to emissions.
